FIRST VOICE:... frightful types in the park  
SECOND VOICE:... took the dog for a walk  
THIRD VOICE:... I had to go home  
FOURTH VOICE:... I felt really, really happy

Four different people visit the park, and their lives touch for a time.

What do they see? What do they say?

An intriguing and involving book that invites examination again and again.

Witty and thought-provoking. Subjective viewpoint.

The park reflects the character's moods and perspectives.

Come for a walk in the park... What will you see? What will you hear?
